

THE BEAST 2

HITCH MOUNT CARGO CARRIER

Giving our customers the ability to maximize load performance, **the Beast 2** hitch carrier was our goal. We've designed our carrier to achieve the strength of a 'full load' carrier and the flexibility to give the user the best functional options for carrying and general usage possible. **The BEAST 2** is the 'little brother' of the Beast family of products.

With an impressive **750-pound distributed load** in the 'flat' position (650-pound on the edges) ... it can be used to carry the most difficult loads – Securely and Safely! Look at the load and functional options of **the BEAST!**

SECURE • DURABLE • COST EFFECTIVE

The Beast 2 is safe and easy to load and unload from the receiver and easy to lift up into a folded position against the back of your vehicle. With a single pin, the platform will pivot up and out of the way.

Rugged

**Structurally
Sound**

Built to Last

The Beast 2 is a safe and secure way to haul your valuable toys and tools. Plug into your 2" receiver and you're set. We put a license plate holder so you stay 'legal' when transporting bulky items.

Lifestyle products for your tools, toys, and equipment

Proudly Designed and Made in Canada

THE BEAST 2

HITCH MOUNT CARGO CARRIER

And there's MORE! A compact and durable solution for your money! The platform will ALWAYS perform even if you're overloaded! It's got your back.

Backed by our 2-Year Limited Warranty!

This Beast 2 is the new standard for this type of product. Its claim to fame is its load capacity and durable, rugged design. Put the Beast 2 to the test and watch as you can keep loading and loading and loading all your supplies and toys for an extremely good time!
